HTB-DS-632	Straight Square	632 x 40 x 100	Polished	12	23
HTB-DS-832	Straight Square	832 x 40 x 100	Polished	12	30

## Electric heated towel rails safe for use in wet locations

12V Dry electrical element

5 Year Guarantee

Quality stainless steel

### Running temperatures

Our unique self regulating heating element ensures that these rails only reach full operating temperature when the towel is applied. The optimum temperature is maintained with a fraction of the energy used by a standard fixed output rail.

Max temp no towel: 30-35°C.  
Max temp with towel: 40-45°C.

### Care instructions

Clean with warm soapy water followed by rinsing with clean water and drying with a soft cloth. All finishes are vulnerable to acid attack and some strong substances such as household cleaners or disinfectants can cause surfaces to go black or peel.

### What's in the box?

1x Heated towel bar  
2x Fixing screws  
2x Fixing plugs  
1x Allen key  
1x 3m cold tail

### What else do I need?

Multiple towel bars must be wired in parallel. Connect to a 12V transformer suitably rated for the combined output of all towel bars.

Use the Mounting System for easy installation of multiple towel bars. Separate data sheet available.

### Included with each towel bar:

2 Standard fixing studs

### For mounting system installation you will need:

Towel Bar Spigot TBSD-550

### Towel bar mounting system

Easy pre-spaced multiple rail installation and cable management for ThermoSphere towel bars. You will need to purchase a TBSD-550 Towel bar spigot for each double ended rail intended for installation with a towel bar mounting system.

If you are installing with 2 mounting systems (1 each side) you will need to purchase 2 Towel bar spigots per Towel bar.

Mounting system sold separately

### Custom finishes to match your brassware

ThermoSphere towel bars are available in a wide range of custom finishes. Supply us with a sample and we can match the finish. Some of our popular finishes include:

Polished Stainless Steel

Matt Black

Brushed Brass

Brushed Stainless Steel
