

thermo Sphere

HEATING | WALL | RADIATORS

ThermoSphere Electric Convectors

- Electronic thermostat with LCD display
- 7 day programmable heating schedule
- Open window detection
- Manual temperature setting
- Tubular heating element
- Aluminium heat exchanger fins
- Overheat protection
- Anti-frost protection

Technical data

Voltage	230V 50Hz
IEC Protection	Class I
IP Rating	IP24
Cable Length	1m
Wiring	Direct
Warranty	2 years

Stock Code	Output (W)	Amps (A)	Max area (m ²) Modern Insulation	Max area (m ²) Poor Insulation	Size (mm)	Weight (Kg)	Colour
